

WHAT ARE JOBS BY EMAIL (JBE) ALERTS?

Jobs by Email (JBE) alerts are opted-in emails sent directly to the candidate's inbox each day containing jobs that match their jobseeking criteria. JBEs are sent overnight and contain jobs posted from the previous 24 hours. Jobseekers have to actively sign up to receive JBEs and can have up to three different alerts set up at any one time.

WHY SPONSOR A JBE?

Sponsoring a JBE puts your vacancies in front of our most active jobseekers. With over 420,000 unique users and more than 7,000,000 emails sent per month, JBEs are an effective way to advertise to a very targeted audience. You decide the criteria you would like to sponsor, and your banner or text advert will appear on the appropriate JBEs.
